Background
This bibliography is based on details first published in:
The bibliography has been updated, extended, and corrected in March 2015, September 2018, and February 2020. Please contact us if there are mistakes or omissions.

Notes
Works are here listed by year of publication or presentation, though within each year the order is not always strictly chronological. This is in order to facilitate cross referencing with the reference list in the book, and enables relevant texts (such as the 1970 Reith Lectures) to be grouped together, the better to trace the development of Schön’s work.

The bibliography is also available on a website: http://www.graphicdesign-research.com/Schon/bibliography.html
The text on the website adds some additional information, such as ISBN numbers and links to some other publications.
